COCOM Document 4186

COORDINATING COMMITTEE

RECORD OF DISCUSSION

ON

PROPOSED GERMAN EXPORT OF OSCILLATOR QUARTZES TO POLAND

10th October, 1960

Present: Belgium (Luxembourg), France, Germany, Italy, Japan, Netherlands, Norway, Turkey, United Kingdom, United States.

References: COCOM Documents 4132 and 4155.

1. The UNITED STATES Delegate referred to the proposal for the export of oscillator quartzes which had been submitted by the German Delegation in COCOM Document 4132 and stated that his authorities were now able to remove the objection expressed in the meeting of the 26th September 1960 (COCOM Document 4155). The Delegate added that his authorities maintained the technical assessment recorded in paragraph 2 of COCOM Document 4155 but that they had concluded, in the light of the available information and the views expressed by the German and other delegations, that they could in this case withdraw their objection.
2. The GERMAN Delegate, who had been informed earlier of this change of position, reiterated his thanks to his United States colleague.
3. The CHAIRMAN noted that the Committee had thus agreed unanimously to the German proposal.
